Understanding Direct Admission in BPIT

Direct admission offers a distinctive opportunity for individuals to secure a desired spot in a college without following the conventional path of entrance exams. While BPIT typically admits students through competitive exams, the institution recognises the diversity of talent and academic backgrounds by offering alternatives for direct admission based on specific criteria. This includes a 10% management quota based on the 12th standard percentage, with the remaining 90% determined through counselling, emphasising other aspects beyond entrance exams.
